Rules and Regulations -- Ag Progress Days 2020

Eligibility of Exhibitors

Any business, firm, or organization which manufactures or provides a product or service to agriculture may apply for exhibit space at Penn State's Ag Progress Days ("APD"). PSU reserves the right to determine whether or not a potential exhibitor contributes to the educational APD event in accordance with the following objectives:

To exhibit and demonstrate farm machinery, equipment, animal, and plant materials with emphasis on showing improved methods in harvesting, handling, production, and utilization based upon latest research achievements.

To provide for exhibiting appropriate agricultural products and services that contribute to the enrichment of home and family living.

To showcase PSU departmental programs in the College of Agricultural Sciences, other PSU colleges, and state and federal agencies which indicate accomplishments in agricultural science and technology.

Contract For Exhibit Space

Potential exhibitors must complete this contract and return it with full payment. Checks must be made payable to: The Pennsylvania State University. Most major credit cards are accepted.

Exhibitors that have paid to exhibit but cancel their reserved space 14 or more days before the event will receive a refund less a 20% handling fee. Cancellations received within 14 days of the event will forfeit 50% of the exhibitor fee. "No shows" without prior notification of the event will forfeit 100% of their paid exhibitor fee. The same reserved space will not be guaranteed for the next year's event unless arrangements to that effect are made in writing with PSU.

PSU makes the decision about space assignment to all exhibitors and reserves the right to reject any application for exhibit space. Only one paid exhibitor per space will be recognized on the layout map and show information.

All exhibitors must provide a Certificate of Insurance showing evidence of general liability, automobile liability, workers' compensation, and employer's liability insurance. "The Pennsylvania State University" must be shown as an Additional Insured under the general liability insurance.

Breed associations exhibiting under the noncommercial rate must display a banner or sign with the breed association name visible.

This contract is governed by the laws of the Commonwealth of Pennsylvania. Any and all legal actions arising out of this contract shall take place in the courts serving the County of Centre, Pennsylvania.

Each exhibitor will be responsible for keeping his or her exhibit free of litter. The abuse (including untidy appearance of exhibits or other acts objectionable to the management) by exhibitors or concessionaires of any privilege granted will cause forfeiture of all rights without recourse.

PSU will exercise due care relative to items for exhibit after their arrival at the site. However, PSU will not be responsible for injury to personnel, loss, or damage from any cause to articles and equipment on exhibit. The Pennsylvania State University shall

be indemnified, defended, and held harmless by a exhibitor from any and all claims, causes of actions, legal proceedings or any other proceedings which may arise from such exhibitor's participation in Ag Progress Days, including any subcontractors of exhibitor. "The Pennsylvania State University" must be shown as an Additional Insured under the general liability insurance.

All exhibitors bringing equine animals to Ag Progress Days must provide current written proof of freedom from rabies before the animals are allowed on the premises.

Demonstrations

Small machinery and/or equipment may be demonstrated on the exhibit lot if they do not involve digging, earth moving, dust, or noise which will disturb adjacent exhibitors. PSU reserves the right to evaluate disturbances and to require stoppage or removal.

Exhibits producing unusual or excessive noise, which have been approved by PSU, will be placed in a special area provided for this purpose.

Large machinery and/or equipment will be demonstrated only in PSU authorized fields. All field demonstrations involving soils and crops will be planned and supervised by APD committee members.
