## Eligibility of Exhibitors

Any business, firm, or organization which manufactures or provides a product or service to agriculture may apply for exhibit space at Penn State's Ag Progress Days ("APD"). PSU reserves the right to determine whether or not a potential exhibitor contributes to the educational APD event in accordance with the following objectives: To exhibit and demonstrate farm machinery, equipment, animal, and plant materials with emphasis on showing improved methods in harvesting, handling, production, and utilization based upon latest research achievements. To provide for exhibiting appropriate agricultural products and services that contribute to the enrichment of home and family living. To showcase PSU departmental programs in the College of Agricultural Sciences, other PSU colleges, and state and federal agencies which indicate accomplishments in agricultural science and technology.

## Contract For Exhibit Space

Potential exhibitors must complete this contract and return it with full payment. Checks must be made payable to: The Pennsylvania State University. Most major credit cards are accepted. All attendees are subject to current policies and restrictions in effect by PSU and Commonwealth of Pennsylvania, related to public health and safety directives. Exhibitors that have paid to exhibit but cancel their reserved space before June 1, will receive a refund less a 25% handling fee. Cancellations received between June 1 and June 30 will be eligible for a prorated refund at the discretion of Show Management. Cancellations received after June 30 will forfeit 100% of the exhibitor fee. "No shows" without prior notification of the event will also forfeit 100% of their paid exhibitor fee. The same reserved space will not be guaranteed for the next year's event unless arrangements to that effect are made in writing with PSU. PSU makes the decision about space assignment to all exhibitors and reserves the right to reject any application for exhibit space. Only one paid exhibitor per space will be recognized on the layout map and show information. All exhibitors and demonstrators must provide a Certificate of Insurance showing evidence of general liability, automobile liability, workers' compensation, and employer's liability insurance. "The Pennsylvania State University" must be shown as an Additional Insured on the general liability insurance. Breed associations exhibiting under the noncommercial rate must display a banner or sign with the breed association name visible.

## Force Majeure and Governance

This contract is governed by the laws of the Commonwealth of Pennsylvania. Any and all legal actions arising out of this contract shall take place in the courts serving the County of Centre, Pennsylvania. No Party shall be liable for any failure to perform its obligations under this Agreement where such failure is due to circumstances or events not reasonably in the control of that Party, including but not limited to: acts of God or nature (including without limitation fire, flood, storm, tornado, earthquake, or hurricane); labor strike or industrial dispute, civil tumult, war, or act or threatened acts of terrorism; epidemic and/or pandemic; quarantine; interruption or delay of public transportation service; or any law, regulation, order, or other action by any public or regulatory authority which renders the activity illegal, commercially impracticable, or impossible. If an event gives rise to this Force Majeure defense, either Party shall respectively be relieved of their obligations with respect to this application as long as they promptly notify the other Party of the occurrence of the event, use reasonable efforts to perform their obligations, and the inability to perform is not due to their own failure to take reasonable protective measures or develop and maintain a reasonable contingency plan. If an alternate date is proposed by PSU, the exhibitor will be notified in writing of the option to accept the alternative date.
