\*\*Proposals need to be completely through all CRCS consultation and ready to be sent to the college administrator (K. Pletcher) by this date to be reviewed at the college ICAC meeting. **Please note:** UG Program proposals require a prospectus to be completed prior to proposal submission for ICAC review.

\* Following the approval of a report (30 days after the report is published), new courses become effective the next semester not yet begun. Changes in existing course offerings and courses being dropped will become effective the first semester that has not yet rolled in LionPath from the previous year, unless written objection is received at the Senate Office.

Graduate Program Proposals still require one hard copy and one electronic copy to be submitted by Proposal Due Date (to K. Pletcher) for ICAC review meetings.

After ICAC review and revisions completed, all Graduate Program proposals will now be submitted directly to the Graduate School by CAS Graduate Office.
