

THE PENNSYLVANIA WOMEN'S AGRICULTURAL NETWORK
PRESENTS
ANNUAL TOUR OF RODALE INSTITUTE
611 SIEGFRIEDALE ROAD
KUTZTOWN, PA (BERKS COUNTY)

JUNE 6, 2014

9:00 A.M.—2:30 P.M.

Join PA-WAGN for our annual tour of The Rodale Institute. During this year's tour, Rodale staff will transport participants via wagon around the farm stopping to describe their current research and projects.

The Rodale Institute is the longest running research farm in organic production practices in this country. They have been innovators and educators in no-till farming practices, pest management, soil health, weed management, compost, agriculture supported communities and organic certification processes and they have added livestock production in the last few years.
